

# CHRIST CHURCH ACADEMY

Dear Friend,

Christ Church Academy will host our inaugural Lion's Gala on November 13, 2021, at the Christ Church Vero Beach Community Center. This event features dinner provided by Vincent's Restaurant, live band entertainment, and an exciting silent auction. All proceeds from this fundraiser will benefit the Lower School financial aid fund and academic improvements throughout our expanding school.

**We hope you will consider becoming a sponsor, underwriter, or auction donor for this special event** with a tax-deductible donation. As a contributor, your business or organization will be recognized on all promotional materials circulated to parents, faculty, church parishioners, and the local community prior to and during the event, including acknowledgement on our website, social media, church announcements, and school publications.

A member of the Gala Committee will gratefully pick up any donated items at your convenience, or you may send your gift to the school address below. To ensure proper recognition at the auction and on our website and social media posts, please submit your commitment no later than October 20, 2021.

## OUR VISION

As a private, Christian lower elementary school, Christ Church Academy will enact and further the mission of Christ Church Vero Beach to *make disciples who follow Jesus Christ* and to serve our community as an affordable option for a comprehensive academic education.

## OUR MISSION

Christ Church Academy educates students to become exemplary leaders in faith, scholarship, civics, and service with a Biblical worldview.

## OUR CORE VALUES

Christ Church Academy recognizes the value and worth of each student as a child of God. We encourage our students to be mindful of God's presence in their lives as they grow and become independent learners who develop a lifelong love of learning.

We teach each student how to integrate and apply Biblical values to all areas of study and life.

Rather than facilitate mere content transfer, we develop academic and social skills through exploration, problem solving, and creativity. Our curriculum is guided by the Florida State Standards, attends to the whole child, and includes spiritual development, social/emotional development, cognitive development, and physical development.

We are committed to providing a strong, comprehensive academic structure for reading, writing, mathematics, and science that incorporates creativity, critical thinking, technology, and community into the core of our lessons and activities.

We value the role of families in the education of the whole child and seek to foster ways to include and extend support to the parents and guardians as an extension of our CCA Family.

## CCA ACADEMICS

### CLASSROOM TECHNOLOGY

Technology is utilized extensively at CCA Lower School. Each classroom is equipped with a large screen television along with an iPad and Surface laptop for each teacher. Every CCA student will be furnished with an Apple iPad to use throughout the 2021-2022 academic year.

### CURRICULUM TEXTBOOK SETS

#### ***Reading***

This comprehensive foundational skills program supports students on the path to early reading and writing with:

- A systematic instructional scope and sequence that uses Wiley Blevins' research-based Seven Key Characteristics of Strong Phonics Instruction
- A focus on application and transfer to real reading and writing, rather than isolated skill work
- Active, thought-provoking phonics instruction that engages students in their learning every day
- Built-in differentiated instruction that supports all students through an embedded review and repetition cycle

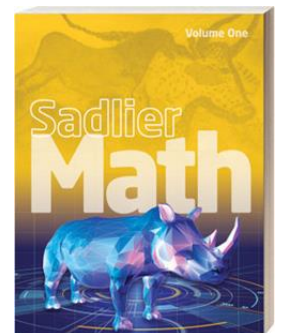

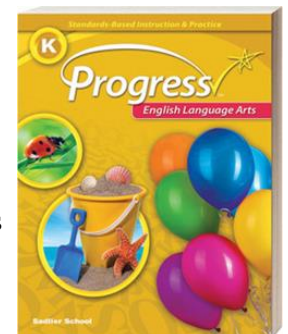

The full-color, consumable Student Books help students learn foundational skills and immediately apply them to reading and writing with resources

#### ***English Language Arts***

The full-color Student Workbook is designed like a magazine and supplements our English language arts program by providing opportunities to build academic vocabulary, write in response to sources, engage in substantive, academic discussion, use the rules of standard English correctly, and read complex text independently.

#### ***Mathematics***

The curriculum provides the required, standards-based content presented in a manageable number of lessons for a full school year. Lessons include a clear, visual model and multiple representations for each topic, problem solving and practice, and opportunities to write about math. Homework mirrors the in-class instruction, and digital tools are available as part of the program on *Sadlier Connect*.

## RELIGIOUS EDUCATION

### Bible App for Kids

The Bible App for Kids is part of the YouVersion family of apps. It is integrated into classroom instruction with the supplied iPad so kids learn to use and apply technology in healthy ways.

Through interactive adventures and beautiful animations, kids explore the big stories of the Bible. The Bible App for Kids is a fun experience designed to encourage kids to return again and again. It is the beginning of a lifelong love of God's Word.

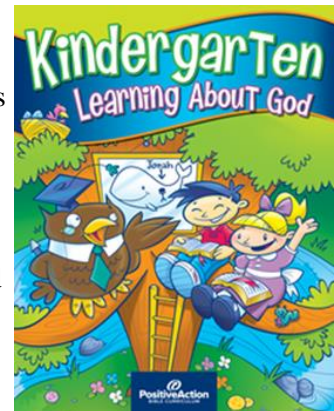

Additionally, we provide CCA Chapel experiences weekly for students ages 3 years and older.

We believe the Bible to be God's self-revelation, the Word that shows God's glory, grace, and love. This curriculum is written to magnify His majesty, His works, and His nature.

For each passage of Scripture, we look for the ways that God reveals Himself, and then we study how His message shines through context, culture, language, and application. We challenge students first to stand in awe of God, to know and love Him, for that is the first step of any true change in character.

*A God-Focus is seeking God's glory and grace through all things.*

With this perspective, all of life, creation, and Scripture becomes a window through which we can see the light of God's goodness, power, and love. As His grace draws our gaze to Himself, we learn to rejoice in Him. Only then, standing before His holiness, will we repent, submit, and worship. He becomes the center of all thought, desire, and action—the focus of our love and hope.

Children need to start their spiritual journey with a clear, scriptural understanding of who God is. Thankfully, through His Word, God shows us who He is and how He works, and He does this in the context of people's lives. *Learning About God* highlights what we can learn about God through characters like Adam, Eve, Abraham, Moses, Daniel, Paul, and, most importantly, Jesus Christ.

Through the Character Trait Activities, students will be encouraged and equipped to practically live-in ways that magnify Christ—applying God's truth to everyday situations.
